Course Description:

This 8-week webinar series emphasizes skill building for the Post-Acute Care Infection Preventionist with a focus on establishing and managing an effective IPC program in the SNF/LTC/AL setting.

This session will discuss the essential roles and responsibilities of the IP, essential skills for being an effective IP, and resources and training available to support IPs.

Projected Learning Outcomes/Course Objectives: At the conclusion of each session, the learner will:

1. Describe the roles and responsibilities of the IP
2. Understand the training and qualifications of the IP role
3. Describe skills for being an effective IP
4. Identify resources available to support IPs
