Proactive Medical Review and Consulting

## **Series Description:**

This 12-month webinar series runs January-December 2023 and focuses on skill building for serving effectively as Long-Term Care Department Heads with an emphasis on effective leadership, operations and systems in the LTC setting. This session will discuss strategies for the Rehabilitation Services Department leader to facilitate systems and processes to achieve and maintain a Thriving Therapy Department. Topics will include managing the physical department and equipment, integrating effective therapy clinical programs to drive facility Quality Measures promoting reimbursement accuracy, key training considerations for rehab, productivity and efficiency, effective facility meetings and interdepartmental communication, and facilitating safe discharge transitions.

**Projected Learning Outcomes/Course Objectives:** At the conclusion of the session, the learner will:

1. Describe key systems oversight strategies
2. Identify potential quality and compliance risks for LTC therapy departments
3. Prioritize actions to address department vulnerabilities through strategic auditing and monitoring systems

## **Course Content**

45 minutes	Processes for systems oversight by the Therapy Department Head
10 minutes	Strategic planning & QA review prioritization
5 minutes	Closing Comments/Q&A

**Target Audience:** Therapy Department Leadership

**Instructional Level:** Intermediate

**Contact Hours:** 1.0
